Growth momentum

Schindler was able to maintain growth momentum in order intake and revenue despite currency headwinds. Order intake increased by 4.1% to CHF 9 009 million and revenue grew by 4.0% to CHF 8 255 million. Operating profit totaled CHF 923 million. Net profit reached CHF 680 million.

Order intake and order backlog

In the first nine months of 2019, order intake rose by 4.1% to CHF 9 009 million (first nine months of 2018: CHF 8 653 million), corresponding to a growth of 5.9% in local currencies. This includes major infrastructure and commercial building projects in North America and Asia-Pacific. All product lines and regions generated growth. The Asia-Pacific region – supported by positive business development in China – grew the strongest, followed by the Americas and EMEA regions.

In the third quarter of 2019, order intake rose by 4.8% to CHF 2 919 million (third quarter of 2018: CHF 2 784 million), which is equivalent to an increase of 6.1% in local currencies.

As of September 30, 2019, order backlog was CHF 9 280 million (September 30, 2018: CHF 8 589 million). This corresponds to an increase of 8.0% (+8.6% in local currencies).

Revenue

Revenue grew by 4.0% to CHF 8 255 million in the first nine months of 2019 (first nine months of 2018: CHF 7 939 million), corresponding to an increase of 5.8% in local currencies. The Americas region was the strongest driver of revenue growth, followed by the Asia-Pacific and EMEA regions.

In the third quarter of 2019, revenue rose by 5.2% to CHF 2 824 million (third quarter of 2018: CHF 2 684 million), which is equivalent to an increase of 6.6% in local currencies.

Operating profit (EBIT)

Operating profit totaled CHF 923 million in the first nine months of 2019 (first nine months of 2018: CHF 926 million), corresponding to a decline of 0.3% (+1.6% in local currencies). Price adjustments and efficiency gains could not fully offset wage inflation, higher material costs, and planned higher spend on strategic investments. As a result, EBIT margin reached 11.2% (first nine months of 2018: 11.7%). Before restructuring costs of CHF 13 million (first nine months of 2018: CHF 15 million) and expenses for BuildingMinds of CHF 14 million, EBIT margin was 11.5% (first nine months of 2018: 11.9%).

Corporate Communications

In the third quarter of 2019, operating profit rose by 4.5% to CHF 327 million (third quarter of 2018: CHF 313 million), which is equivalent to a growth of 6.1% in local currencies. EBIT margin was 11.6% (third quarter of 2018: CHF 11.7%).

Net profit and cash flow from operating activities

In the first nine months of 2019, net profit reached CHF 680 million against CHF 746 million in the previous year, which included a one-time tax refund of CHF 55 million.

Cash flow from operating activities totaled CHF 656 million (first nine months of 2018: CHF 716 million). Adjusted for the settlement of pension obligations and the introduction of the new accounting standard IFRS 16, it reached CHF 725 million.

Outlook for 2019

For the remainder of the year, in spite of market uncertainty, Schindler expects to maintain growth momentum.

Excluding any unforeseeable events, Schindler expects revenue growth of between 4% and 6% in local currencies and net profit of between CHF 900 million and CHF 940 million for the full year 2019.
