

Schindler Elevator

Ruan Transportation Management Systems Issued

Shipping Instructions & Routing Guide

UPDATES AS OF June 2022

Effective Date: July 2022

Here are the updated routing directives for Schindler's material suppliers. This guide supersedes all previous versions. The directions in this guide are valid as of July 2022, and should be implemented on that date.

Schindler has selected Ruan Transportation as our new freight logistics supplier, replacing Neovia Logistics.

RUAN Transportation continues on as Schindler Elevator's Third Party Provider for all aspects of transportation services and support. There are changes here from the prior directives that were released in 2021, so we ask that you again read, and thoroughly familiarize yourself with all the details of this new guide. However briefly, here are some of the changes and highlights of this new guide:

- 1 All North American freight will need to be booked through Ruan's portal.
All internal Schindler's freight will need to be booked through SAP.
- 2 As a reminder, International shipments are handled directly through Expeditors.
Please refer to the International tab for reference and online address on how to book your shipments.
- 3 When shipping with DHL, please mark the field "Duties and Taxes" with the same account number to expedite customs clearance.
- 4 Reminder: Transportation expense control remains a critical focus area for Schindler. You should use this tool to self guide you on how to ship material. **Note,**
you still need to get specific direction on LTL, larger truck and air shipments.
Be aware deviations from these specific directions could subject your company to charge backs!
- 5 Clarifying, **LTL shipments need to be scheduled through RUAN.**
Reminder: Schindler's parcel activity remains with their sole supplier, FEDEX.
However, we need to caution you against over interpreting FEDEX Freight
FedEx has many different operating divisions. Therefore, do not assume it is okay to interchangeably use all divisions and/or services of UPS or FedEx. For example, you should not be using the LTL division of FEDEX known as FEDEX Freight.
- 6 Reminder: This guide is intended to direct the shipping activities of material suppliers to Schindler and Schindler Subsidiaries. The contents here should not be disclosed, or shared with any carriers.

Contact information is provided in the Contact's tab.

Shipping Instructions & Mode Selection

Truckload and Less than Truckload (LTL) (GREATER THAN 150 LBS)

Ruan Order Entry Portal: [Ruan Portal](#)

Criteria:

US Shipments weighing more than 150 LBS

Instructions

Please book shipments via online portal: [Ruan Portal](#)

Address: https://logistics.Ruan.com/GC3/glog_webserver.servlet.umt.Login

Truckload shipments will be picked up within 48 hours of booking.

LTL booking requests received by noon CT will be routed for same day pickup.

Ruan will route and coordinate pickup with the preferred motor carrier and provide pickup details.

Shipment and paperwork should be ready by the time carrier arrives.

Paper work: see paperwork requirements below

If you need to cancel or modify a shipment after it has been submitted, please contact Ruan via phone or email: Schindler@Ruan.com

Parcel Freight (LESS THAN 150 LBS)

Criteria:

TOTAL shipment weighs less than 150 LB

Individual package weight is less than 100LB

Individual package length is less than 108 inches, and less than 165 inches combined length + width + height.

Package not packed in wood container

Instructions

Freight should be booked **"Freight Collect"**. If shipping to a job site, choose **"Freight Collect" Bill third party**.

Please use **FEDEX Ground Service** charged to Schindler Parcel Account numbers (please contact your material planner for the account to use).

Shipments to **Hawaii or Alaska**, ship via FEDEX Air Parcel using **Priority Overnight Air Service**

Shipments to **Puerto Rico** ship via FEDEX Air Parcel using **International Priority Air Service** for standard orders.

Do not declare a value for insurance purposes, Schindler self insures

Premium Freight - Expedited Freight

Criteria & Instructions

For Premium freight, please mark it as Expedite. It will not be scheduled without prior authorization from Schindler Elevator.

Please contact Ruan for instruction

Any Fixed Shipping/Sailing Schedules provided by Ruan will supersede these routing instructions.

Paperwork Requirements and Supplier Expectations and Requirements remain unchanged.

Paperwork Requirements

- Reference Schindler Purchase Order in the body of the Bill of Lading (BOL)
Schindler Purchase Orders are ten (10) digits, beginning with a "45" (example: 4502909812) or "47" (example: 4700089115)
- Pre-populated Bill of Lading will be e-mailed to Supplier by Ruan prior to carrier pick up
- All shipments must include a packing list
- Customs documents must accompany international shipments
- Use commodity descriptions associated with the provisions of the National Motor Freight Classification. These descriptions should be noted next to the commodity descriptions on the BOL
- Consolidate one days worth of shipments on one BOL
- Hazardous materials should be classified, packaged, labeled, and shipped by DOT regulations
- Ruan will be providing a BOL to use for shipment; if you wish to use your own BOL, please notate Freight terms for all shipments as Third Party, payable to:

Schindler Group C/O Ruan
PO BOX 9319
Des Moines, IA 50306

Supplier Expectations and Requirements

- Supplier is expected to use only the carrier provided to them by Ruan
- Suppliers are not to coordinate expedites. Expedite shipments require Schindler approval via Ruan.
- Ruan should be contacted regarding any transportation related questions. (SEE BELOW)
- Paperwork should be filled out according to the paperwork requirements on page one
- Failure to consolidate may result into additional supplier charges
- Late shipping orders should be communicated with your planning contacts at Schindler
- Carrier issues should be communicated and resolved through Ruan
