

## Schindler 3300 Deco

Uncompromising style. Undeniable quality.  
Unmatched possibilities.

# Fresh, flashy and multifaceted

Fun and flamboyant. Dark and moody. Dignified and debonair. This line has countless personalities – none of which can be categorized as mundane. With its smooth, durable powder coat finish, you can give your cabs a look that is decidedly current without sacrificing the true personality of your building.

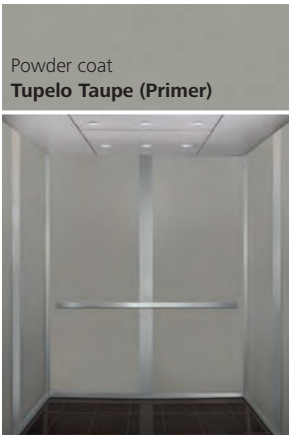

Brushed Stainless Steel

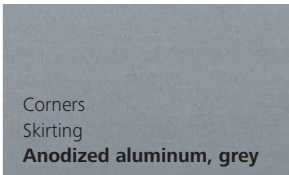

Distinctive brushed stainless steel cab is an optional upgrade

## Powder coated painted walls

## Ceiling, Door Area, Corners and Skirting

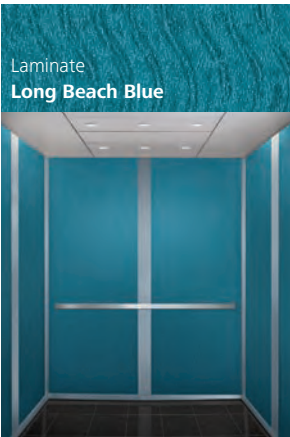

Distinctive brushed stainless steel cab is an optional upgrade

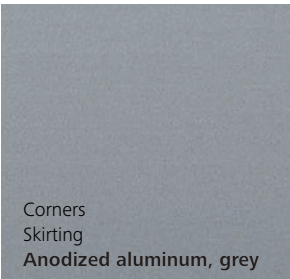

# Warm, distinguished and genuine

The sand in your toes. The breeze in your hair. An umbrella in your drink. That’s the inspiration behind this line. The subtle wavelike design of these laminates give your building a personality that is relaxed, but certainly not reserved.

## Laminated Walls

## Ceiling, Door Area, Corners and Skirting

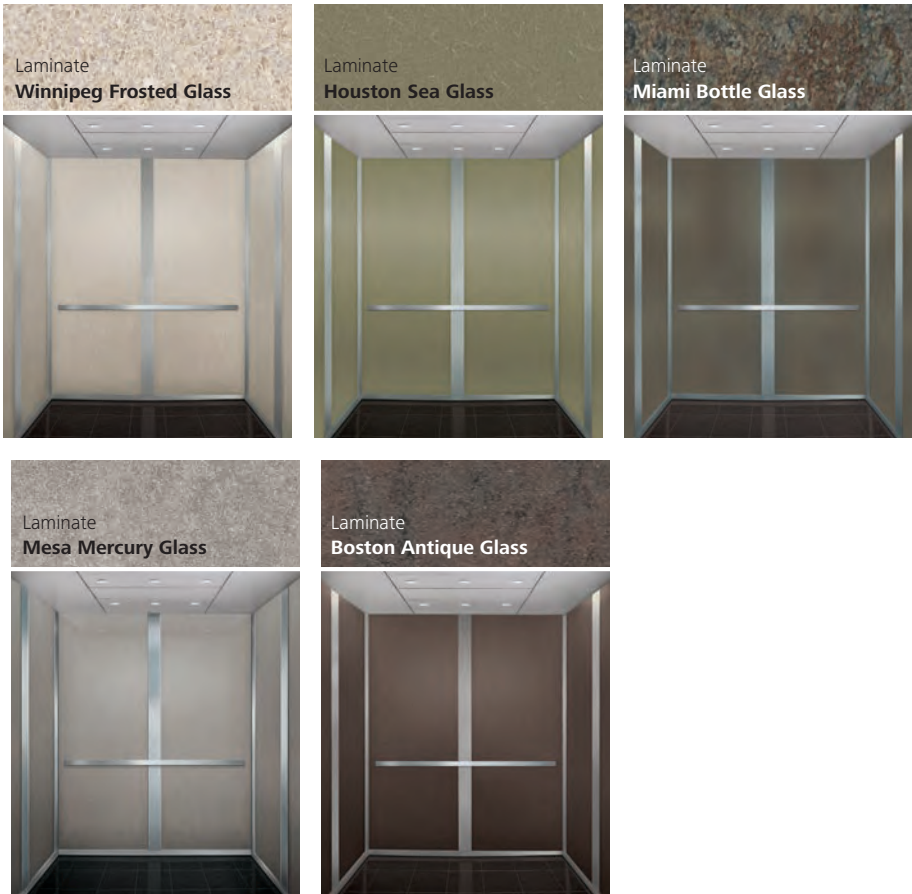

Distinctive brushed stainless steel cab is an optional upgrade

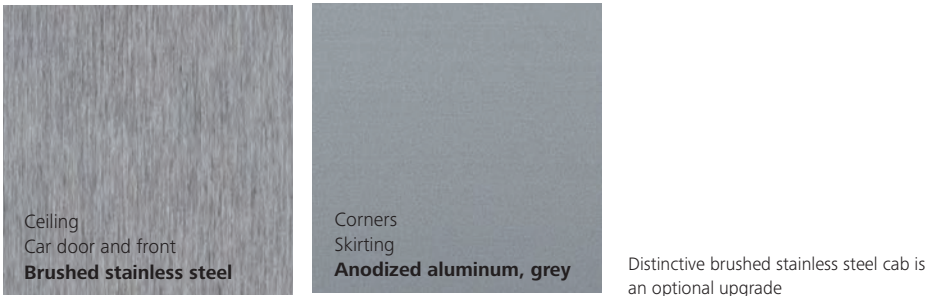

# Clean, cool and cutting edge

These laminates project a sense of fashion without being flashy to give your cabs a look that transcends trends.

## Laminated Walls

## Ceiling, Door Area, Corners and Skirting

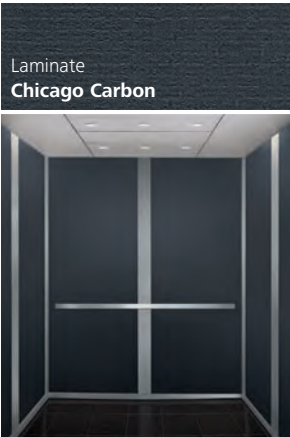

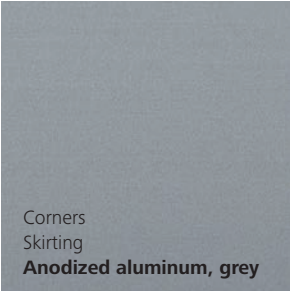

# Steely, sophisticated and elegant

The monochromatic colors give the palette a sharp, formidable personality. With a look that is both contemporary and timeless, these laminate options will stand their ground against the fickle whims of fashion.

## Laminated Walls

## Ceiling, Door Area, Corners and Skirting

Distinctive brushed stainless steel cab is an optional upgrade

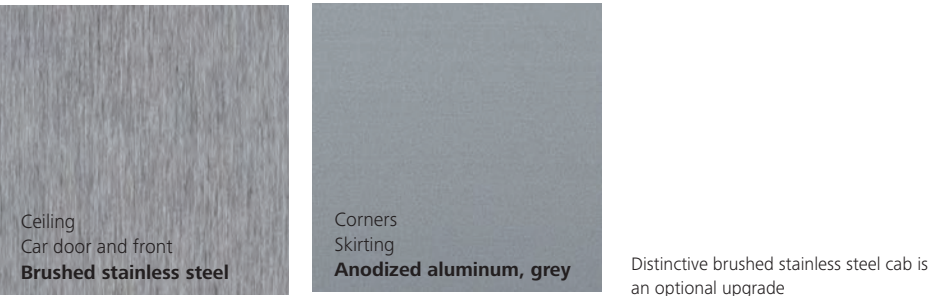

# Rich, natural and classic

With rich wood-grain colors that both embrace you and excite you, this line of laminates is perfect for buildings that tend towards the traditional.

## Laminated Walls

## Ceiling, Door Area, Corners and Skirting

# Make a grand entrance

Begin your design with a choice of 11 durable powder coat finishes or stainless steel. Then mix as desired to make the statement that suits your design. Entrances and landing doors are available in the following powder coat finishes, primer or stainless steel.

# Handrails and ceilings

## Coordinated and contemporary

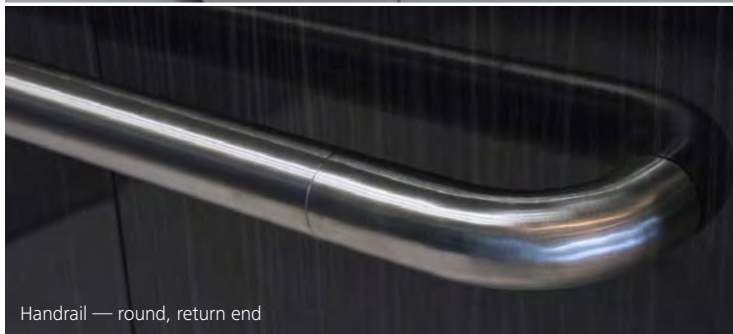

With an impressive range of finishes and fixtures, accenting your elevator interior is easy with the Schindler 3300.

- The unique ceiling design comes standard in brushed stainless steel with down lit LED lighting.
- Ceiling lighting comes standard with classic LED round spot downlights.
- Elegant handrail options include a round design in brushed stainless steel and a rectangular design in brushed aluminum. Both handrail designs are available in cut and return ends.

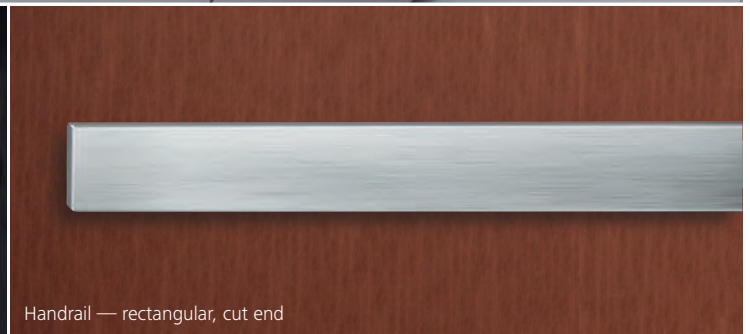

\*Quantity of LED round spot downlights depends on the elevator size/configuration.

Ceiling lighting — standard LED round spot downlights\*

Handrail — round, return end

Handrail — rectangular, cut end

# Fixtures, operating and landing panels

## Stylish and smart

Combining sophisticated design with state-of-the-art technology, the Schindler 3300's operating mechanisms go a long way to enhance the rider experience, improve safety and minimize downtime.

### Fixtures

The combination of back-printed white glass and stainless steel give the elevator a contemporary, modern look.

### Car operating panel

Standard:

- Stylish, tempered safety glass
- Door open/close and alarm buttons
- Braille
- Visual and audible confirmation of the call
- Position indicator
- Concealed Phase II Firefighter's Service operation
- Attractive, metallic-finished pushbutton frame and blanks.

Optional:

- Full height flush mounted car operating panel
- Vandal-resistant full height car operating panel

### Landing operating panels

Standard:

- Stylish, tempered safety glass panel with pushbuttons
- Jamb mounted for fewer building interfaces
- Call acceptance both visual and audible
- Raised, tactile circle for positive contact assurance
- Metallic button finish.

Optional:

- Car position and direction at each floor, jamb mounted
- Pre-announcing arrows on each floor with audible signal
- Key switches available for restricted access.

Car operating panel: full-length, flush-mounted
