Schindler 5500
Design lines, colours and materials. Design that speaks to your senses.
Freedom of design

Create the look and feel you like. Combine colours, materials, lighting, mirrors, handrails and fixtures to achieve the ambiance that fits both your ideas and your building. Choose from one of our four interior design lines or design the whole car to your own taste.

Our favourite designs just give you an idea of what is possible and can be easily combined. If you like to be more creative, you can even design your own car.
The whole variety – in five steps only.
This elevator follows your ideas.

Step 1  Combine colours and materials.
Choose out of four design lines or combine with glass walls and doors.

Step 2  Select your operating panels.
Integrate stainless steel or glass panels in black or white.

Step 3  Pick a floor and ceiling.
Choose from stainless steel ceiling options with a matt or gold finish and matching floors.
Step 4

Choose the lighting.
Create ambiance with direct or indirect lighting and different lighting designs like square, spot or curve.

Step 5

Add options.
Handrails and mirrors complete the car. Illuminated handrails and skirting are an additional highlight.

Fits your style

The bare car option allows up to 50% of the car’s rated capacity as additional weight for your interior.

Your choice. The Schindler 5500 takes configurability to a new level.
Navona
Functional and durable

Provide clarity and solid comfort to your car with this robust design line. Fresh colours, a contrasting rear wall, the option of three different floors or a bare floor make Navona the right choice for residential applications. Stainless steel can be added to rear and side walls. Navona’s interior stands for long lasting functionality right where it is needed.

Times Square
Modern and versatile

Determine your contemporary look. Choose from warm or cool colours to create a fresh look or combine the options to enhance contrast for more depth. Select glass doors and walls for transparency. Use a bare car option to create your style and taste. Times Square adds distinctive features to any public, commercial or residential building.

Park Avenue
Sophisticated and elegant

Discover pure elegance with back painted glass walls or choose wood laminate to create a more contemporary ambiance. The optional wave design, a rounded transition from ceiling to rear wall, gives your car a unique appearance. An additional highlight is a gold or silver-shimmer from our metallic glass collection or a bronze or satinated grey finish on stainless steel. Matched lighting perfects the stylish design of this elevator – an ideal fit for representative buildings like high-end residential, hotels and offices.

Sunset Boulevard
Inspirational and full of character

Aim high for passenger excitement in upmarket locations like hotels, clubs and restaurants. The combination of premium quality materials, captivating patterns and splashy colour gradients make this car a unique experience. Lighting and ceiling concepts create a fascinating atmosphere. Make your elevator become your stage.
Navona
Functional and durable

Note
Specifications, options and colours are subject to change. All cars and options illustrated in this brochure are representative only. The samples shown may vary from the original in colour and material.
Side walls

- Powder coated Capri Yellow
- Powder coated San Marino Blue
- Powder coated Genoa Green
- Powder coated Oxford Green
- Powder coated Milan Grey
- Stainless steel Lucerne Hairline

Rear wall

- Stainless steel Lucerne Hairline
- Powder coated Riga Grey
- Powder coated Polar White

Floor

- Black rubber Speckled
- Grey Rubber Studded
- Aluminium Checker Plate
Multicolour options
Play with fresh and vibrant colours. Choose from a range of warm and cold colours that look great on their own, but also stunning when combined.

Laminate and stainless steel
Create a different ambiance by selecting different materials. For a fresh look and feel, choose from colourful laminates. Stainless steel gives a more clean and modern look. Combine both materials for more individuality.

Glass walls and doors
Add panorama to your elevator. Select glass panels for side walls or rear wall, or both for complete transparency.
Times Square
Let colour speak your language.

- Black rubber: Speckled
- Artificial granite: Grey
- Artificial granite: Black
- Artificial granite: Brown
- Prepared for customer-supplied floor
Park Avenue
Sophisticated and elegant

Back painted glass
By putting colour behind glass, you create a high gloss and vibrant effect that adds a pleasant ambiance to your car. In order to make the back painted glass walls perfectly fit the overall appearance of the building, you can either choose from pre-selected colours or optionally specify any NCS (Natural Color System) colour.

Wave
The optional „wave“, a rounded design element that beautifully merges ceiling and rear wall, provides the car with unique elegance.

Illuminated handrails and skirting
Highlight your car with illuminated handrails and skirting for a special effect and a lasting impression.

Glass walls and doors
Select transparent glass panels for side walls or rear wall, or both to add marvelous panorama to your elevator.
Park Avenue
From contemporary to elegant.

Sunset Boulevard
Inspirational and full of character

Digital print on satinated glass
Gorgeous and intense colours, emphasized through satin glass for more elegance. From atmospheric blue-red to warm gray-beige colour gradients, this design allows you to create a fascinating ambiance and an unforgettable ride experience.

Digital print on stainless steel
Create ambiance not only with colours but with eye-catching patterns printed on stainless steel. Choose clear structured geometrical forms or bold organic designs. No matter the size of your car, digital decoration patterns always look stunning.

Illuminated handrails and skirting
Small details, big impact. Illuminated handrails and skirting give the car a unique final touch.

Glass walls and doors
Add panorama to your elevator. Select glass panels for side walls or rear wall, or both for complete transparency.

Eye-catching transparency
From glass walls and doors to glass cars

Glass walls and doors for more transparency
Experience maximum visibility and unique views like never before. Select from a wide range of glass doors that suit your application. Glass can be selected for side and rear walls of the car for complete transparency or combined with other car interior materials from the Times Square, Park Avenue and Sunset Boulevard design lines.

Glass panels

Times Square, with glass panels
Ceiling: Stainless Steel
Lucerne Hairline
Rear and side walls: Glass
Floor: Black artificial granite
Lighting: LED Indirect
A perfect outfit with matching accessories. Fixtures and options

Mirrors
Mirrors always add a special sense of space to rooms and buildings. In order to give your car more appeal and depth, the side walls or the rear wall can be provided with a full-height or half-height safety-glass mirror.

Handrails
Even though your elevator travels smoothly and with almost no sound, handrails convey a feeling of security. Stainless steel handrails match the interior and shapes of your car and can be mounted to the side and rear walls. Illuminated handrails and skirting are an additional highlight and add to the overall ambiance of the car.

Landing arrangement
Schindler 5500 fixtures and landing indicators help passengers to find the way to the elevator and get to their selected destination comfortably. Choose your optimal landing arrangements for simplex and multiplex installations, surface or wall mounting.
