Schindler 3300 Deco
Fresh, flashy and multifaceted

Fun and flamboyant. Dark and moody. Dignified and debonair. The Tribeca line has countless personalities – none of which can be categorized as mundane. With its smooth, durable powder coat finish, you can give your cabs a look that is decidedly current without sacrificing the true personality of your building.

**Brushed Stainless Steel**

Distinctive brushed stainless steel cab is an optional upgrade

**Tribeca Walls (Powder Coat)**

Warm, distinguished and genuine

The sand in your toes. The breeze in your hair. An umbrella in your drink. That’s the inspiration behind our South Beach line. The matte finish and subtle wavelike design of these laminates give your building a personality that is relaxed, but certainly not reserved.

South Beach Walls (Laminate)

- Omaha Yellow
- Kansas City Kiwi
- Seattle Sprout
- Tampa Tangerine
- Phoenix Sunset
- Long Beach Blue
- Portland Purple

Ceiling, Door Area, Corners and Skirting

- Ceiling - Powder coat: Silver metallic
- Corners: Anodized aluminum, grey
- Car door and front: Brushed stainless steel

Distinctive brushed stainless steel cab is an optional upgrade
Clean, cool and cutting edge

River Walk doesn’t have to be loud to be noticed. The cool, glassy sheen of these laminates projects a sense of fashion without being flashy. Available in matte and gloss finishes, River Walk gives your cabs a look that transcends trends.

Ceiling, Door Area, Corners and Skirting

Distinctive brushed stainless steel cab is an optional upgrade.
Steely, sophisticated and elegant

The monochromatic colors and gloss finish give the Great Lakes palette a sharp, formidable personality. With a look that is both contemporary and timeless, the stainless steel or laminate options will stand their ground against the fickle whims of fashion.

Great Lakes Walls (Laminate)

Laminate
- Toronto Grey
- Milwaukee Pewter
- Pittsburgh Steel
- Chicago Carbon

Ceiling, Door Area, Corners and Skirting

- Ceiling – Powder coat: Silver metallic
- Corners: Anodized aluminum, grey
- Ceiling: Car door and front: Brushed stainless steel

Distinctive brushed stainless steel cab is an optional upgrade
Rich, natural and classic

With rich wood-grain colors that both embrace you and excite you, the Willamette line of laminates is perfect for buildings that tend towards the traditional. Available in matte and gloss finishes, Willamette doesn’t pretend to be hip or cool or trendy. It’s simply beautiful.

Swatches are a representation of the gloss finish.

Make a grand entrance

Begin your design with a choice of 11 durable powder coat finishes or stainless steel. Then mix as desired to make the statement that suits your design. Entrances and landing doors are available in the following powder coat finishes, primer or stainless steel.
With an impressive range of finishes and fixtures, accenting your elevator interior is easy with the Schindler 3300.

- The unique ceiling design is available in a choice of brushed stainless steel or silver metallic powder coat.
- Ceiling lighting is refined, yet illuminating, with compact fluorescent light fixtures or optional down lit LED design.
- Elegant handrail options include a round design in brushed stainless steel and a rectangular design in brushed aluminum. Both handrail designs are available in cut and return ends.
Fixtures, operating and landing panels
Stylish and smart

Combining sophisticated design with state-of-the-art technology, the Schindler 3300’s operating mechanisms go a long way to enhance the rider experience, improve safety and minimize downtime.

**Fixtures**
The combination of back-printed white glass and stainless steel give the elevator a contemporary, modern look.

**Car operating panel**
Standard:
- Stylish, tempered safety glass
- Door open/close and alarm buttons
- Braille
- Visual and audible confirmation of the call
- Position indicator
- Concealed Phase II Firefighter’s Service operation
- Attractive, metallic-finished pushbutton frame and blanks.

**Landing operating panels**
Standard:
- Stylish, tempered safety glass panel with pushbuttons
- Jamb mounted for fewer building interfaces
- Call acceptance both visual and audible
- Raised, tactile circle for positive contact assurance
- Metallic button finish.

Optional:
- Car position and direction at each floor, jamb mounted
- Pre-announcing arrows on each floor with audible signal
- Key switches available for restricted access.

Note: The car specifications, options and colors in this brochure are representative only and are subject to change. Sample shown may vary from the original in color and material.
